

## Wound Care Pack

- Compact kit for treating a range of wounds
- Ideal for wound care procedures and minor incidents
- Sealed design ensures sterility of all contents
- Cost effective

Provides all the items required to treat a range of wounds and minor incidents such as gloves, swabs, dressing towel, disposable bag and others. The kit is sealed to ensure the items inside are sterile and once opened should not be used again. The kit is ideal for first aid rooms and medical rooms and helps provide immediate treatment in case of an emergency.
