

Evolution Body Fluid Disposal Kit (6 applications)

- Effective for any type of body fluid
- Designed for the containment and disposal of body fluid spillages
- Available in 1, 2, 6 and 12 application kits
- All kits contain disinfectant spray, HypaClean Disposable Clean Up Packs and absorbent granules with deodoriser
- Refills are available (supplied separately)

Evolution Body Fluid Disposal Kits are specially designed for the safe removal of body fluids in order to ensure a safe working environment and high level of hygiene. Evolution Body Fluid Disposal Kits help disinfect the soiled area and reduce the risk of contamination.

All kits contain disinfectant spray, HypaClean disposable gloves and apron, biohazard bags, and absorbent granules and a scraper & scoop. Bigger packs contain more of each product, and larger products - check the Contents tab for details. Evolution Body Fluid Disposal Kits are available in 1, 2, 6 and 12 applications kit depending on your organisation's needs. The kits come in a compact Evolution hard case for easy storage and optimum portability. Refills are available to purchase separately.
